Hi Cathy,

I'm helping Tooktook to gather the remaining evidence she needs to draft the ISER HR portion. From the list she has, the following information have not been received:

Statement from Bob Blizinski that we verify transcripts of current PCC employees (one staff, one faculty, one management)

Summary of how many equivalency reviews completed since 2014

Please provide this information to **me** as soon as possible. I'm collecting all the information on her behalf and will send them to her in one big package.

Thank you!
